DAY 2 RECAP

EXPLORING NATIONAL MALL

After a productive day of elections and legislation, the senators got the full D.C. experience with a visit to the National Mall. There, they enjoyed the beauty and history of our nation's capital while meeting up with their Boys Nation counterparts.

ALA National President Pam Ray visited the memorials with the senators. In memory of her father, along with other Korean War veterans, Ray placed a wreath at the Korean War Memorial with Illinois Senators Shivani and Pushti.

HEAR FROM THE SENATORS

Question: What stood out to you during the monument tour?

“

Getting to experience the history in such a different way — we don't have this kind of history in California, like war memorials and respecting veterans in this way is not really as prevalent there — so it's really cool to see the history of our country, and how it's come to be how it is.

— MOKSHA, CA

“

I know every single day I don't always process the history of this country, but when I'm here — when I see the Washington Monument, when I see a war memorial — it definitely has me very grateful that I live in the United States of America, and that I'm glad to be here. I know that so many other people fought for this country and died for this country for us to be where we are now.

— MADDY, NH
